ADVERTISING

POSTER PROMOTION (KISS) 2023

The promotional poster on the side has the concept of depicting the aroma of the "KISS" candy that we consume. The green character describes the aroma, so the aroma of our mouth counteracts the odors around us.

FOTOGRAFI POSTER PROMOTION (VANS X PEANUTS) 2022

This promotional poster was manually drawn with digital illustrations and photos taken with a "garden" theme. Why Peanuts because the shoes in the photo are a collaboration with Peanuts.

POSTER PROMOTION (GARNIER MEN) 2022

The promotional poster on the side has the concept of describing a dull face after exercise, how to clean it, namely with facial soap from Garnier Man. The design of this poster really illustrates consumers' interest in this facial soap.

BRANDING

BRANDING (SEBLAK JOOS 2023)

The branding that was created at that time was in promotional media, packaging, dining equipment, employee needs, and Seblak Joos business needs. The theme is spicy with shades of red and yellow. So in creating this food brand, we use a graphic design approach.
